SPECTRAVIDEO™

AUSTRALASIAN USERS GROUP

THIS MONTHS INTRO

This must be the easiest newsletter I have ever put together. In fact it is so simple I have kept it until the next issue was completed so as to not only give you the users list but some useful info as well.

I have received so many letters requesting a list of users that I cannot delay any longer. This is only the list up to printing date and there are many new members that do not appear in this list yet. Updates of the list will appear from time to time because a full list everytime is impossible as you see.

So to all you members that did not want the list sorry but it is a bit dry reading. I hope the following newsletter will make up for it.

NEW POSTCODE

A VERY IMPORTANT MESSAGE I MUST FORWARD TO YOU IS OUR NEW POSTCODE. THE FOLLOWING LETTER WAS RECEIVED FROM OUR POST MASTER.

Dear Customer,

Postcodes are used as a sorting aid for our mail sorting staff and your assistance in using the new postcode allocated to your area (as shown on the front of this card) will help Australia Post to deliver your mail on time.

Would you therefore, kindly advise your correspondents of your new postcode the next time you write to them (done!!!!ED).

During the transition, if your old postcode is used, every effort will be made to have your mail delivered within our existing standards of service.

Many customers use pre-printed stationery and we realise that stocks will take some time to exhaust. However, if you use pre-printed stationery, would you please help us by making a note now to have your next printing amended. Any steps you can take to highlight your new postcode in the meantime would also be appreciated.

NEW POSTCODE
